About the 20th Hawai'i International Summit

Summit Description and Goals

The 20th Hawai'i International Summit brings together the latest research on prevention, assessment, and intervention techniques concerning various aspects of trauma and maltreatment across the lifespan, as well as the long-term effects if left untreated. Plenary and breakout sessions will discuss various types of child, adolescent and adult/elder trauma, the dynamics of maltreatment and trauma at home or in the community, and the psychological, behavioral, and neurodevelopmental effects. Nationally and internationally recognized presenters and local practitioners assemble to discuss the latest research, assessment methods, interventions, and prevention strategies for those who have been traumatized, abused, and/or victimized. Application of current research information and practical techniques, along with a focus on trauma-informed care and cultural perspectives are emphasized throughout this Summit.

Objectives

- Identify current state-of-the-science research and practice concerning child, adolescent and adult/elder trauma and maltreatment
- Explain the dynamics and overlap of different types of traumas and maltreatment
- Identify the effects of early trauma on the long-term functioning of children, adolescents, and adults/elders
- Improve skills and techniques for helping children, adolescents, adults/elders, and families recover from various types of trauma and maltreatment
- Identify issues and strategies for preventing abuse and neglect
- Enhance understanding of trauma-informed care approaches and practices

About IVAT

IVAT condemns violence and oppression in all its forms. We stand with all who work for equity, equality, and peace. The Institute on Violence, Abuse, and Trauma (IVAT) is a nonprofit international resource and training center, founded in 1984 as Family Violence and Sexual Assault Institute (FVSAI), and headquartered in San Diego, CA with satellite offices in Hawai'i and Maryland. We host 2 international summits annually, house 3 academic journals, offer direct services, and provide a wide array of trainings addressing violence, abuse and trauma including a new online training library. Our vision is a world free from violence, abuse, and trauma, and each Summit brings us one step closer.

Exhibitors and Sponsors

IVAT is accepting new partners, and your support on any level makes this Summit possible. With over 1,000 attendees to showcase your products, logos, mission, and services, there is no shortage of ways to participate. Continuing Education & Specialty Certifications

Earn up to 23 Continuing Education Credits

The Summit is approved to offer up to **23** hours of continuing education (up to 29 hours of continuing education credit with our Affiliated Trainings) for Psychologists, Counselors, Marriage and Family Therapists, Social Workers, Attorneys, Certified Prevention Specialists, Victim Advocates, and Substance Abuse Counselors. Additional CE accreditation may be available – due to accreditation procedures, we are prohibited from advertising prior to approval. CE credits approved by California agencies are accepted in most states. Different sessions meet many licensure requirements for continuing education credits for child abuse, domestic violence, ethics, aging, substance abuse, child custody, domestic violence offender treatment and child sexual abuse.

IVAT is approved by the American Psychological Association (APA) to sponsor continuing education for psychologists. IVAT maintains responsibility for this continuing education program and its content. The California Board of Behavioral Sciences (BBS) now accepts APA continuing education credit for license renewal for LCSWs, LMFTs, LPCCs, and LEPs.

The Institute on Violence, Abuse, and Trauma is approved by the California Board of Registered Nurses to offer continuing education for nurses (CEP #13737). IVAT is approved by the State Bar of California to offer Minimum Continuing Legal Education for attorneys (#11600). IVAT is approved by the California Consortium of Addiction Programs and Professionals (CCAPP) to sponsor continuing education for certified alcohol and drug abuse counselors (Provider #IS-03-499-0223).

IVAT Specialty Certifications

Summit sessions meet many of the training requirements for IVAT Specialty Certification Programs. Specialty certification assures the consumer that specialists have successfully completed the educational, training, and experience requirements of the specialty area, and that their expertise has been objectively reviewed and documented.

Specialty Certification in Domestic Violence Offender Treatment

Includes training and experience in working with both male and female intimate partner violence offenders to understand the dynamics and safety involved in intimate partner violence and typologies of domestic violence offenders.

Specialty Certification in Child Custody Evaluations

Includes an understanding of the issues of child development, parenting abilities, and issues, best interests of children, assessment techniques in general, and specifically regarding child custody cases. The dynamics of legal, forensic, and mental health issues are included.

Specialty Certification in Trauma Care

Includes an understanding of the various forms of trauma, short-and long-term effects of trauma, and assessing and treating adults and/or children who have experienced both simple and complex trauma. The dynamics of post-traumatic stress disorder are included.

Specialty Certification in Child and Adult Maltreatment (CAM) (Formerly known as CAST/CAAST)

Focuses on experiential, interdisciplinary, ethical, and culturally sensitive content that provides professionals with a common knowledge base for responding to child and adult maltreatment. This certification focuses on development and understanding of the numerous factors that lead to child and adult maltreatment and the existing responses to child and adult maltreatment.

Partner Certification

MEGA[®] Specialized Risk Assessment Training (Assessing Sexually Abusive Youth, Ages 4-19 Years)

MEGA[®] is a tool for assessing risk of coarse sexual improprieties, and/or sexually abusive behaviors in youth ages 4-19 years. MEGA[®] is applicable for adjudicated and non-adjudicated males and females, including youth with low intellectual functioning. Tested on over 2200 youth internationally (largest validation studies in its field) – MEGA[®] is state of the art and unique. It provides a comprehensive individualized risk assessment report according to age and gender. MEGA[®] can follow changes in the youth's risk level over time (is an outcome measure). This one-day specialized training includes dynamics of risk assessment in general, administering, scoring (data is confidential and secured), and interpreting the MEGA[®] findings. For more information on MEGA[®] contact Mark Yunker at marky@ivatcenters.org.

Self-care Sessions

Participate in a variety of offerings intended to help you balance the intensity of the Summit with the chance to join others in Self-Care and Wellness sessions available throughout the week. Registration for these sessions is not required.

These sessions are not eligible for continuing education credits. Sessions will be made available through our website and mobile event app.

Summit Bookstore

Our bookstore offers the latest research and information on violence, abuse, and trauma, including books written and published by our own Summit speakers.

This training provides certification on how to administer the assessment, as well as how to interpret and apply the MEGA⁺ findings.

6.0 CE Credits

AT2. Journey to Forgiveness – Azim Khamisa, Tariq Khamisa Foundation

Many of us are either in resentment about what has happened to us, or in guilt about what we have done to another. We cannot be mired in either of these two places as it harms our psyche and our life, and it limits our ability to live life 100 percent. This workshop will help you rid both resentment and guilt so you can live life at its zenith, and enjoy a healthier, more prosperous life – within your relationships, family, and community. Here, you will learn 3 steps in ridding yourself of resentment and 4 steps in forgiving yourself for the harm you have caused. With the freedom from guilt and resentment, you will be free to pursue your goals of good health, loving relationships, life purpose and prosperity. The Journey to Forgiveness: Destination Peace is about living life fully and with joy. The workshop shows you how to heal broken relationships and bring a deeper, more intimate connection in existing relationships. It is about living life at a higher frequency – living life with happiness, meaning, and exuding love and compassion to all the people in your lives and beyond.

CE Credits TBD

AT3. Spousal Assault Risk Assessment (SARA) v3 – Elizabeth Gilchrist, PhD, University of Edinburgh

This workshop will provide an opportunity to learn new skills and build on existing skills in assessing and managing risk for intimate partner violence. Intimate partner violence is one of the most common forms of violence and is potentially lethal. Considering the pervasive and serious nature of this problem, it is critical that professionals engage in best practices when assessing and managing risk for intimate partner violence to prevent future tragedies. This one-day training event focuses on the Spousal Assault Risk Assessment Version 3 (SARA v3; Kropp et al., 2015) is designed for professionals with some background training and knowledge of risk assessment, for instance you may be a user of HCR-20v3 or RSVP/SVR-20 or be attending another of our risk courses. The SARA v3 is an evidence-based decision support tool for assessing and managing risk for intimate partner violence. The third version of the SARA, released in 2015, incorporates all the recent advances in SPJ risk assessment. The SARA has been subjected to scientific evaluation, translated into numerous languages, and used in dozens of countries. The primary aim of the workshop is to ensure that delegates feel confident when assessing clients using the SARA v3 and to develop awareness of how risk management plans can be formulated. A certificate will be provided for evidence of attendance at this workshop, which may contribute to continuing professional development (CPD).
